

CHECKLIST: Update to an existing SIF Certified product

Product Name: _____

If the changes made are within the scope, as defined in the Conformance Statement, then there is no requirement to re-test or update the certification information.

If the changes are outside the scope of the certified product, or require modification of the scope through an update to the Conformance Statement, then the Solution Provider is required to re-test and provide the information necessary to update the Conformance Statement to accurately represent the conformance claim.

Go to <https://data.A4L.org>. Underneath the Certification page drop-down menu, hover on SIF Certification Registry, then click on Test Suites. Then choose the relevant Test Suite.
