SDPC Registry Roadmap

1 Define Core Services

- Core DBA
- Basic Functionality

2 Review Existing Registry for improvements or upgrades

- Can SDPC Upgrade with existing resources?
- Leverage Member services
 - Member A
 - Member B
- Replace Registry

3 How are we going to develop the potential 2-way API?

- Can SDPC build API
- Leverage Member services
 - Member A
 - Member B

4 If X Vendor is going to provide a 'service' on the back of the Registry, then they may have to pay a fee back into the Community

- Registry Integration Agreements
- Data integration requirements
 - What data is required?
 - Format, etc.

SDPC Registry Improvements

**We want to hear
from you!**
