Roundtable Discussions

- Topics can either be the session topics or anything that arose for you all in the first hour.
- Each table should pick a:
 - reporter - who will report out at the end of this part
 - Moderator- who will just facilitate sharing and make sure everyone's voice is heard, and,
 - secretary- to capture what gets created.
- Remember - this is the start of a two day conversation. You don't have to resolve anything or cover everything.

Reporting Out Discussions

- Have the reporters report out each table's conclusions, outcomes, and questions
- Have time constrained discussion after each report.
- Remember: You will have the whole conference to grapple with these issues
- Please give or send your notes to Jen.

Launching the Conference

- Panelist's final comments
- This work has seeded the conversation for the rest of the conference
