Overview

Agenda – Day 1

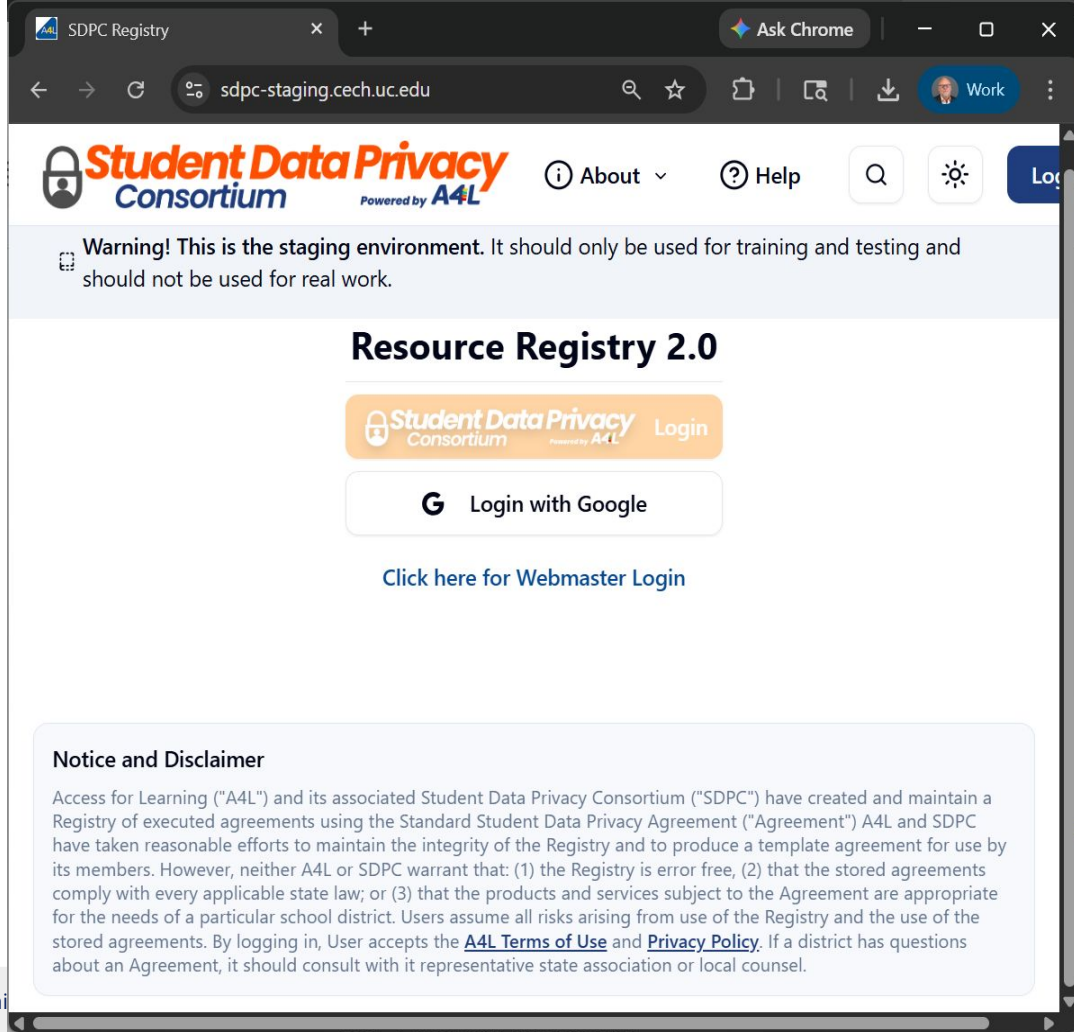

- Introduction to Registry 2.0
- Three Day Agenda
- Login Options
- Alliance Admin Perspective
- LEA Perspective
- Log into Registry 2.0

Registry 2.0: Setting the Stage

- Introductions
- Where we are in the Registry 2.0 development
 - Phases 1, 2 & 3
- This week's agenda
 - Day 1 Introduction, overview & basic navigation, leave smith login
 - Day 2 Workshop experience with your own logins
 - Day 3 Deeper dive into some areas as well as what to expect going forward
-

Login Options

Why 3 logins?

The screenshot shows a web browser window with the address bar displaying "sdpc-staging.cech.uc.edu". The page header includes the "Student Data Privacy Consortium" logo, "Powered by A4L", and navigation links for "About" and "Help". A warning banner at the top states: "Warning! This is the staging environment. It should only be used for training and testing and should not be used for real work." The main heading is "Resource Registry 2.0". Below this, there are two primary login buttons: an orange "Student Data Privacy Consortium Login" button and a white "Login with Google" button. A link "Click here for Webmaster Login" is positioned below the login buttons. At the bottom, a "Notice and Disclaimer" section explains that the Registry is maintained by the Student Data Privacy Consortium (SDPC) and Access for Learning (A4L), and that users assume all risks by logging in and accepting the A4L Terms of Use and Privacy Policy.

Notice and Disclaimer

Access for Learning ("A4L") and its associated Student Data Privacy Consortium ("SDPC") have created and maintain a Registry of executed agreements using the Standard Student Data Privacy Agreement ("Agreement") A4L and SDPC have taken reasonable efforts to maintain the integrity of the Registry and to produce a template agreement for use by its members. However, neither A4L or SDPC warrant that: (1) the Registry is error free, (2) that the stored agreements comply with every applicable state law; or (3) that the products and services subject to the Agreement are appropriate for the needs of a particular school district. Users assume all risks arising from use of the Registry and the use of the stored agreements. By logging in, User accepts the [A4L Terms of Use](#) and [Privacy Policy](#). If a district has questions about an Agreement, it should consult with its representative state association or local counsel.

Reg 2.0 Introduction

- Autonomous Management of Alliance and LEA Levels
 - Adding and Managing Accounts
 - Multiple Admins
- Autonomous Resource and DPA Management
 - Add New Resources
 - Add New Agreement Type (Alliance)

DPA Management

The screenshot displays the DPA Management interface. At the top, the navigation bar includes the logo, a home icon, and links to Dashboard, Resources, Organization, About, and Help. On the right, the user is identified as Russell County Schools Admin (LEA Admin). Below the navigation bar, a summary row shows four categories: Expiring within 120 days (9), Following Agreements (1), In Progress (0), and Requires Action (0). The main section is titled 'Agreements' and features filters for 'My LEA', 'My Network', 'Active', 'All', 'Expiring', 'Following', and 'Resources'. A 'Hide Filters' button is also present. A modal window titled 'Initiate an Agreement' is open, showing a three-step process: 1. Select Resource (Search and select the resource you wish to add), 2. Select Agreement Type (Choose the type of agreement to create), and 3. Initiate Agreement (Configure and initiate the agreement). The 'Select Resource' step is active, displaying a search bar with the placeholder 'Search for a resource...'. The background shows a table of existing agreements with columns for Resource, Agreement Type, Originating School, Status, and Workflow.

Resource	Agreement Type	Originating School	Status	Workflow	Start/End Dates	View

DPA Management

The screenshot displays the 'Initiate an Agreement' modal in the Student Data Privacy Consortium DPA Management system. The modal is divided into three steps: 1. Select Resource, 2. Select Agreement Type, and 3. Initiate Agreement. In the 'Select Resource' step, a search bar contains the text 'Canvas'. Below the search bar is a table listing resources with their product names, status, and actions.

Product Name	Status	Actions
Canvas Instructure	Verified	Initiate Agreement Workflow View Current Agreements
Canvas LMS Instructure	Verified	Initiate Agreement Workflow View Current Agreements
Canvas Canva PTY LTD.	Verified	Initiate Agreement Workflow View Current Agreements

The background interface shows a dashboard with navigation links (Dashboard, Resources, Organization, About, Help) and a list of agreements. The user is logged in as Russell County Schools Admin.

DPA Management

The screenshot displays the 'Student Data Privacy Consortium' dashboard. The top navigation bar includes links for Dashboard, Resources, Organization, About, and Help. The user is logged in as 'Russell County Schools Admin'. The main content area shows a summary of agreements: 'Expiring within 120 days' (9), 'Following Agreements' (1), 'In Progress' (0), and 'Requires Action' (0). A modal titled 'Initiate an Agreement' is open, showing a three-step process: 1. Select Resource, 2. Select Agreement Type, and 3. Initiate Agreement. The 'Select Agreement Type' step is currently active, displaying a list of agreement types: 'AL NDPA V2.1 District Modified' and 'AL NDPA V2.1 Standard Agreement'. The background shows a table of existing agreements with columns for Resource, Agreement Type, and Start/End Dates.

DPA Management

The screenshot displays the Student Data Privacy Consortium (SDPC) DPA Management interface. A modal titled "Initiate an Agreement" is open, showing a three-step process: 1. Select Resource, 2. Select Agreement Type, and 3. Initiate Agreement. The first step is active, showing a list of resources including Quill Teacher Premium, Canvas, XtraMath Basic (free), Science Fusion, Plasma Games, and My Math Academy. The second step, "Select Agreement Type", is highlighted in the background, showing a list of workflows including "Russell County Schools - Initiate Standard Agreement Workflow". The background interface shows a dashboard with tabs for "Expiring within 120 days", "Following Agreements", "In Progress", and "Requires Action". The user is logged in as "Russell County Schools Admin".
